EMS Instructor Application Process and Completion Instructions

ALL APPLICANTS

Applicant Information – Read instructions prior to completing application. This is especially important for appropriate signatures for Educational and Technical Scope of Practice.

- Please print legibly or type your **name, social security number, current NC EMS credential(s), and mailing address.**
- Please include a **primary** (daytime) **phone number** at which you can be reached and **e-mail address** if available.
- Indicate whether this application is for **initial** instructor credentialing or **renewal of current credential**. Applicants who wish to change the level or type of their instructor credential (for example EMT-Intermediate to EMT-Paramedic or Level I to Level II) must submit a completed **initial** application. If an instructor credential expires prior to renewal, the individual must complete the initial application process unless advised by the OEMS that a renewal application is the appropriate documentation for submission.
- Indicate application **type** and **level**.

INITIAL APPLICANTS

Level I EMS Instructor

- **Three years experience – Attach required documentation**
A current EMS current credential at level of application or above is required for Level I EMS instructor eligibility. Applicants for initial Level I EMS instructor credential must provide verification of having had three years active EMS experience at the level of application. Documentation should be provided in the form of a letter(s) verifying that the Applicant has met this experience requirement. The letter(s) should be on official letterhead, contain the name of the provider organization(s) and dates that the Applicant was affiliated with that provider. An official who has direct knowledge of the Applicant's experience must sign the letter.
- **100 Hours of Formal Teaching Experience - Signature page 2**
Applicants for initial Level I EMS instructor credential must complete at least 100 hours of teaching experience in an approved EMS educational program or equivalent. Teaching experience considered as acceptable is gained in a structured, formal EMS approved educational program or equivalent. Verification of this teaching experience is completed through the required signatures on Page 2 of application. You must maintain verifiable documentation of the teaching hours for the length of your instructor credential.
- **EMS Technical Scope of Practice Evaluation – Signature page 2**
Applicants for an initial Level I EMS instructor credential must provide documentation of successful completion of a technical scope of practice performance evaluation for the level applied within one year of date of application. For EMT-B this evaluation shall be conducted under the direction of a Level II EMS instructor credentialed at or above the level of application. For a credential to teach at the EMT-I or EMT-P level, this evaluation shall be

conducted under the direction of the educational medical advisor, a Level II EMS instructor credentialed at or above the level of application and designated by the educational medical advisor. For a credential to teach at the EMD level this evaluation shall be conducted under the direction of the educational medical advisor or a Level I EMS instructor credentialed at or above the level of application and designated by the educational medical advisor. All scope of practice evaluations should follow the guidelines detailed in the OEMS document *Technical Scope of Practice Performance Evaluations*. Verification of this educational scope of practice is completed through required signature on page 2 of application.

- **EMS Instructor Methodology – Attach copy to application**

Applicants for an initial Level I EMS instructor credential must provide documentation verifying that they have successfully completed a Level I EMS instructor methodology course that meets the 2002 US DOT *Guidelines for Educating EMS Instructor*. If your methodology does not meet the 2002 DOT Guidelines for Educating EMS Instructor, please contact your regional OEMS Education Liaison.

- **Educational Methods Scope of Practice Evaluation – Signature Page 2**

Applicants for an initial Level I EMS instructor must provide documentation verifying successful completion of an Educational Scope of Practice Evaluation within one year of application. This is completed through the required signature on page 2 of application. For EMT-B this evaluation shall be conducted under the direction of a Level II EMS instructor credentialed at or above the level of application. For a credential to teach at the EMT-I or EMT-P level, this evaluation shall be conducted under the direction of the educational medical advisor, a Level II EMS instructor credentialed at or above the level of application and designated by the educational medical advisor. For a credential to teach at the EMD level this evaluation shall be conducted under the direction of the educational medical advisor or a Level I EMS instructor credentialed at or above the level of application and designated by the educational medical advisor.

- **Workshop Attendance – Attach documentation of attendance**

Applicants for an *initial* Level I EMS instructor credential must provide documentation verifying attendance at a Level I EMS instructor workshop sponsored by the OEMS. This workshop must be completed within one year of the application. To schedule attendance at a workshop, contact your Regional OEMS office.

- **High School or GED Diploma – Attach copy to application**

Applicants for an *initial* Level I EMS instructor must attach documentation verifying having earned a High School or General Education Development (GED) diploma, or a higher education degree.

Level II EMS Instructor Requirements

- **Two years Level I teaching experience – Attach verification to application**

A current EMS credential at level of application is required to apply for Level II EMS instructor. Applicants for initial Level II EMS instructor credential must provide verification of having had two years teaching experience. This is verified through signatures on Page 3 of application. You are required to verifiable documentation of your teaching experience for the length of your credential.

- **Professional Development – Signature Page 4**

Applicants who wish to renew their credential as an EMS instructor must verify through their signature that they have completed 40 hours of professional development. Supporting documentation must be maintained for the length of their credential.

CREDENTIAL APPROVAL PROCESS

Applicants should submit signed EMS Instructor Applications to their regional OEMS office, along with all required documentation. **Incomplete** applications, including those with insufficient documentation, will be returned to the applicant. All questions regarding the application process, meeting specific credentialing requirements or required documentation should be directed to the OEMS Regional Specialist serving as Education Liaison.

TERM OF CREDENTIALS

EMS Instructor credentials are valid for four years from date of issuance, unless one of the following occurs:

- The OEMS imposes an administrative action against an instructor's credential. Administrative actions may be imposed by the OEMS for violations contained in 10A NCAC 13P .0701 (e).

- The instructor fails to maintain a current EMS Personnel credential at the highest level at which they are credentialed to teach.

Based on successfully maintaining EMS Instructor requirements, credentials are renewable for an additional four years.

LEGAL RECOGNITION OF EMS INSTRUCTOR CREDENTIALS FROM OTHER STATES

NC OEMS may recognize EMS Instructor credentials from other states (or US territories) and grant a North Carolina Level I EMS Instructor credential if:

- All current NC instructor requirements have been met through that state's instructor credentialing program,
- The applicant's credentials are in good standing in the state granting the original Instructor credential, and
- The Instructor applicant has attended an OEMS administered Instructor Workshop within the last year.

It is the responsibility of the applicant to provide verification of the above requirements.
